THE PLAN

Week by week

1

Know the exam

Read the syllabus. Take one full mock cold. Note your weak topics.

2

Maths I + Stats I

Sets, relations, functions, lines, quadratics. Data types, mean, SD, IQR.

3

CT + English I

Pseudocode patterns, sounds, grammar and reading comprehension.

4

Mocks and revision

Timed full mocks, your mistake notebook, then rest before exam day.

EVERY DAY

A simple 2-hour routine

45 min: learn one topic

From the course videos or notes.

45 min: solve PYQs on it

On a timer, not from a PDF.

20 min: fix your mistakes

Write each one in a mistake notebook.

10 min: revise yesterday

Read yesterday's mistakes again.

3 RULES

Do not break these

- Practise on a timer. The real exam is timed.
- Every mistake goes in your notebook, with the reason.
- Never skip the weekly full mock. It shows what to fix next.

Practise real Qualifier PYQs free.

Timed mocks on the real exam screen, graded with the official answer keys.
