MATHS I · SETS

Your turn

Of 100 customers, 50 bought milk, 40 bread and 30 fruits. 20 bought milk and bread, 15 milk and fruits, 10 bread and fruits, and 5 bought all three.

(a) How many bought milk and fruits, but not bread?
(b) How many bought none?

Hint: start from the centre: 5 bought all three.

Comment your answer, then swipe.

ANSWER

(a) 10 · (b) 20

1. Milk and fruits, not bread = 15 – 5 = 10.
2. Union = 50 + 40 + 30 – 20 – 15 – 10 + 5 = 80.
3. None = 100 – 80 = 20.

⚠ 'Milk and fruits' (15) includes the 5 who bought all three. Take them out first.
